FOR IMMEDIATE RELEASE

2 NEW MCLP CERTIFICATIONS AT D. FOLEY LANDSCAPE, INC.

South Walpole, MA—Spring 2008

With great pleasure, D. Foley Landscape, Inc. announces the recent MCLP (Massachusetts Certified Landscape Professional) certification of Chip Sorblom and Michael Dwyer.

The MCLP program is designed to assess the fundamental knowledge and skills that all landscaping professionals should have. The exam to achieve MCLP certification is challenging, covering a wide array of topics and skills, and learning all essential material requires a firm commitment. Subjects the exam tests on include: plant biology, soil ecology, plant health care, insect pests, plant pathology, construction techniques, drainage and grading, project management, turfgrass management and maintenance, plant installation, and plant identification.

D. Foley Landscape, Inc. congratulates Chip and Michael on their decision to continue their education and pursue this noteworthy certification. Dan Foley, President, stated “We are proud to have such qualified employees available to provide value to our clients.” Chip and Michael’s new certifications are in good company among D. Foley’s existing three MCLP certified employees, IA Auditor, Certified Snow Professional, and IA Certified Arborist.

About D. Foley Landscape, Inc: D. Foley Landscape, Inc. is a full service commercial landscape company that is committed to providing phenomenal results for its clients. The range of services D. Foley Landscape provides includes landscape maintenance, sports turf, installation, irrigation, and snow and ice management, among others.
